

2019 Conference Agenda

This two-day program provides an ideal opportunity to engage with key opinion leaders on the current state of innovation in amputation prevention and the future of wound healing.

17th Annual WoundHSI - Thursday, 20 June 2019

TIME	TOPIC	PANEL/FACULTY
8:00 am	Breakfast and Registration	
9:00 am	Opening Day Remarks	
REGENERATIVE MEDICINE AND NOVEL THERAPIES Moderator - Ira Herman, PhD Professor and Director, Cellular, Molecular and Developmental Biology, Tufts University School of Medicine		
9:10 am - 10:30 am	Novel Role of Immune Cells in Tissue Regeneration in Diabetic Wounds	Sashwati Roy, PhD Professor of Surgery Director, Clinical Research IUH Comprehensive Wound Center (CWC) Indiana Center for Regenerative Medicine and Engineering (ICRME) Indiana University School of Medicine
	New Model for Transplanting Human Keloids onto SCID Pigs	Adam J. Singer, MD Emergency Medicine Physician in Stony Brook Professor and Vice Chairman for Research Department of Emergency Medicine Stony Brook University
	Macrophages in Wound Healing: Mechanisms and Biomarkers	Kara Spiller, PhD Associate Professor School of Biomedical Engineering, Science and Health Systems Drexel University
	Characterization of Dehydrated Amnion Chorion Membranes and in Vivo and in Vitro Evaluation	JP McQuilling Research and Development Manager Organogenesis, Inc.
10:30 am	Q&A	
11:00 am	Networking Break	

PANEL - THE FUTURE OF WOUND CARE DELIVERY
 Moderator - Lee C. Rogers, DPM
 Managing Partner, Amputation Prevention Experts (APEX) Health Network

11:30 am - 12:30 pm	<i>A compelling overview of the macro trends impacting wound care, including key regulatory and payer trends, areas of growth, and a discussion of how the changing landscape may impact healthcare providers and manufacturers (new product development)</i>	<p>Steve McLaughlin Chief Executive Officer RestorixHealth</p> <p>Kevin Lamb Principal Chief Executive Officer Medical Expectations</p>
12:30pm	Networking Lunch	

NOVEL BIOMARKERS & DIAGNOSTICS
 Moderator: Brian D. Lepow, DPM
 Vascular Surgery and Endovascular Therapy, Baylor College of Medicine

1:30 pm - 3:00 pm	RAGE and DIAPH1 - Key Target in Diabetic Wound Healing and Complications	<p>Ann-Marie Schmidt, MD Dr. Iven Young Professor of Endocrinology, Department of Medicine Professor, Department of Biochemistry and Molecular Pharmacology Professor, Department of Pathology NYU Langone Health</p>
	Identification and Follow-Up of the at Risk Diabetic Foot: The Role of Quantitative Sudomotor Testing	<p>Marie-Laure Névolet, MD Consultant Medical Director US Impeto Medical</p>
	Smart Textiles to Improve Offloading and Adherence in Diabetic Foot Ulceration	<p>Jayer Chung, MD Vascular Surgeon, Baylor Clinic Assistant Professor of Surgery Division of Vascular Surgery & Endovascular Therapy Baylor College of Medicine</p>
	Current Gaps and Opportunities in Leveraging Technologies to Improve Management of Diabetic Foot	<p>Bijan Najafi, PhD Vascular Surgeon, Baylor Clinic Assistant Professor of Surgery Division of Vascular Surgery & Endovascular Therapy Baylor College of Medicine</p>
3:00 pm	Q&A	
3:30 pm	Networking Break	

PANEL - GROW YOUR INNOVATION THROUGH PARTNERSHIPS
 Moderator - Derek Brand
 Chief Operating Officer, NewYorkBIO

4:00 pm - 5:00 pm	<i>Learn about NY regional and global opportunities to advance innovation with industry, academia, and clinicians</i>	<p>Ibraheem Badejo, PhD Senior Director New Ventures Johnson & Johnson Innovation Center</p> <p>Eric Soller, PhD Head of Strategy & External Innovation Blue Rock Therapeutics, Inc.</p>
-------------------	---	--

		Raeka Aiyar, PhD Senior Director, Scientific Outreach New York Stem Cells Foundation, Inc.
5:00 pm	Closing Day Remarks	
5:15 pm - 6:30 pm	Networking Reception	

17th Annual WoundHSI - Friday, 21 June 2019

TIME	TOPIC	PANEL/FACULTY
8:00 am	Breakfast and Registration	
9:00 am	Opening Day Remarks	
PETER SHEEHAN YOUNG INNOVATORS AWARD Moderator - Ira Herman, PhD Professor and Director, Cellular, Molecular and Developmental Biology, Tufts University School of Medicine SPONSORED BY INTEGRA FOUNDATION		
9:10 am - 10:00 am	Presentations by three Young Innovators Finalists Q&A after each presentation	Finalists 1, 2, and 3 Finalists details and Presentation titles will be posted on June 20 (pm), following jury deliberation
REGENERATIVE MEDICINE AND NOVEL THERAPIES Moderator - Stephanie C. Wu, DPM Center for Stem Cell and Regenerative Medicine, Rosalind Franklin University of Medicine and Science		
10:00 am - 10:40 am	Pre-clinical Assessment of an ADVANCE Temporary Abdominal Closure System	Kris Kieswetter, PhD Senior Director, Research and Technology Acelity, Inc.
	Innovations in Wound Healing: Towards Developing 'Next Generation' Diagnostics and Therapeutics for Advanced Personalized Care	Ira Herman, PhD Professor and Director Program in Cellular, Molecular and Developmental Biology Center for Innovations in Wound Healing Research Tufts University School of Medicine
10:40 am	Q&A	
11:00 am	Networking Break	

PANEL – CHALLENGES AND OPPORTUNITIES WITH REGULATION AND POLICY IN THE WOUND INDUSTRY

Moderator – Lee C. Rogers, DPM

Managing Partner, Amputation Prevention Experts (APEX) Health Network

11:30 am - 12:30 pm	<i>Engage in discussions on wound healing regulatory and policy changes and challenges</i>	<p>Amy L. Law Vice-President, Global Health Economics, Reimbursement and Government Affairs Acelity, Inc.</p> <p>Marcia Nusgart, R.Ph. Executive Director Alliance of Wound Care Stakeholders</p>
12:30 pm	Networking Lunch	

LIVE DEMONSTRATIONS

Moderators – Bijan Najafi, PhD, Paulita LaPlante, PhD, Stephanie C. Wu, DPM

1:30 pm - 2:30 pm	<i>Engage in discussions with industry and faculty during technology demonstrations</i>	<p>Innovation from KCI: DERMATAC™ Drape by KCI, Inc.</p> <p>SUDOSCAN by SudoScan, Inc./Impeto Medical, Inc.</p>
2:30 pm	Networking Break	

WOUND MANAGEMENT

Moderator – Bijan Najafi, PhD

Vascular Surgery and Endovascular Therapy, Baylor College of Medicine

3:00 pm - 4:00 pm	Considerations for the Role of Tissue Biopsy in Chronic Wounds	<p>Bryan Markinson, DPM Chief, Podiatric Medicine and Surgery The Leni and Peter W. May Dept of Orthopedic Surgery Mount Sinai School of Medicine</p>
	Emerging Technology in Assessing Tissue Perfusion Clinically in Wound Healing	<p>Alisha Oropallo, MD, FACS Director, Comprehensive Wound Healing Center and Hyperbarics Attending Vascular Surgeon, Department of Vascular Surgery, Northwell Health Associate Professor, Zucker Hofstra University School of Medicine</p>
	The Benefit of “Powered Debridement” in the Wound Care Environment	<p>John Lantis, MD Vascular Surgeon Vice Chairman, Department of Surgery Chief, Vascular and Endovascular Surgery Director, Surgical Clinical Research Mount Sinai St Luke’s and Mount Sinai West</p>
4:00pm	Q&A	
4:20pm	Closing Remark	

PETER SHEEHAN YOUNG INNOVATORS AWARD

Moderator - Ira Herman, PhD

Professor and Director, Cellular, Molecular and Developmental Biology, Tufts University School of Medicine

SPONSORED BY INTEGRA FOUNDATION

4:30pm	Award Celebrations	Winner - First Runner-up, Second Runner-up
4:45pm	Conference concludes
